Deltek Costpoint Mobile Time and Expense 2026.1 Release Notes

Welcome to Deltek Costpoint Mobile Time and Expense 2026.1 Release Notes.

These release notes contain a summary of the following:

- New Features and Enhancements
- Software Issues Resolved

> **Note:** The official name of the application is *Costpoint Mobile Time and Expense*. This document uses it only at the first mention. Succeeding instances of the application name display Costpoint Mobile T&E.
>
> In addition, the application name in the *Apple App Store* and *Google Play Store* displays Costpoint Time and Expense.

> **Note:** SSL is a term commonly used when referring to both Secure Sockets Layer technology and its successor, Transport Layer Security (TLS). Although you may see references to SSL in this guide and in the application's user interface, all Deltek applications use current TLS protocols to provide protected connections between web servers and web browsers.
