

Deltek wInsight Analytics - DLZ Starter Guide

Asset Name	Description	Role
What's New in wInsight 8.2 - Starter Guide	<p>This covers the latest in wInsight Analytics 8.2, including Cobra/Acumen integration in wInsight Analytics Administrator (WAA), updates on the Security features in wInsight Analytics Administrator and Desktop (WAD), and the wInsight Analytics Module (WAM) QlikView update and schedule integration.</p> <p>[Keywords and Related Searches - guide, reference, new version, schedule integration, qlikview, security, cobra integration, acumen integration]</p>	System Administrator,Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager
What's New in wInsight 8.3 - Starter Guide	<p>This covers the new features and enhancements of wInsight Analytics 8.3, including the updates to the wInsight Analytics Administrator and wInsight Analytics Desktop such as the support for IPMDAR formats, new features for the Control Account and Work Package data, and C/S Glue Viewer updates.</p> <p>[Keywords and Related Searches - guide, reference, new version, wInsight analytics administrator, wInsight analytics desktop, wInsight analytics module, c/s glue viewer, ipmdar, integrated program management data analysis report, export data, import data, process logging, scale factor, user defined fields, merge contracts, sort menu, earned value reports, time-phased reports, charts, sort window, control account, work package]</p>	System Administrator, Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager
WInsight Analytics Product Overview: Features and Navigation - Starter Guide	<p>This covers the introduction to the features and navigation of Deltek wInsight Analytics Administrator, and the various tools for Admin-Database updates, management, and maintenance. [Keywords and Related Searches - guide, reference, wInsight analytics navigation, connect data source, xml file, export, import, x12 file, backup, restore, repair database, compact database]</p>	System Administrator, Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager

Deltek wInsight Analytics - DLZ Standard

Asset Name	Description	Role
wInsight Analytics Desktop (WAD) Series: Views, Filters, and Workspace - Virtual Live Class	In this 2-hour course, you will learn the utilization of the Views, Filtering, and Workspace creation to significantly enhance the analyst's capabilities to quickly drive down to areas of high risk and problem identification. This course is part of the Fundamentals Series (WAD). [Keywords and Related Searches - training videos, product overview, views, filters and custom filters, workspace]	System Administrator,Project Manager,Cost Analyst,Director/Senior Manager,Control Account Manager
wInsight Analytics Desktop (WAD) Series: Charts and Reports - Virtual Live Class	In this 2-hour course, you will learn the creation of new charts and reports, interpret varying charts and reports, the significance of using the different chart and report types, and which analysis levels these tools are available. This course is part of the Fundamentals Series (WAD). [Keywords and Related Searches - instructor led class, training, revenue generation, consultant accrual , ar review, approval workflow processing, absence requests, ap invoice approvals]	System Administrator,Project Manager,Cost Analyst,Director/Senior Manager,Control Account Manager
wInsight Analytics Desktop (WAD) Series: Advanced Features - Virtual Live Class	In this 2-hour course, you will learn the wInsight Analytics Desktop (WAD) Advanced Features interface, common add-ons, general capabilities, EAC development, and comparison. This course is part of the Advanced Series (WAD). [Keywords and Related Searches - instructor led class, training, eac, estimate at completion, mr usage, pmr narr, total eac, winisght briefing wizard, wbw, winisght analytics module, wam, wad, data transfer, project transfer, data validation, analytics functional view, realism functional view]	System Administrator,Project Manager,Cost Analyst,Director/Senior Manager,Control Account Manager
wInsight Analytics Product Overview Series: WAD Features and Navigation - Clickguide	This covers the benefits and features of the wInsight Analytics Desktop (WAD), including database interaction, its three main data sources and data set options, Gauge Chart feature, and the Program Tripwire Summary. This is part of the Product Overview Series. [Keywords and Related Searches - guide, reference, wad, data source, data set, database, winsight toolbars, contract tree, tile multiple screen workspace, sort and filter, gauge charts, program tripwire summary, report hyperlink feature. eac]	System Administrator,Project Manager,Cost Analyst,Director/Senior Manager,Control Account Manager
wInsight Analytics Administrator (WAA) Series: Basic Features - Virtual Live Class	In this 2-hour course, you will learn to navigate and access wInsight Analytics Administrator (WAA), create data source, and import, export and recalculate data. This course is part of the Fundamentals Series (WAA). [Keywords and Related Searches - training videos, data set process, security enabled log in, connect to a data source, ms access database, database updates, database maintenance, xml files, ppm, database management, x12 files, contracts, contractual data, database repair, compacting database, waa]	System Administrator,Project Manager,Cost Analyst,Director/Senior Manager,Control Account Manager

Deltek wInsight Analytics - DLZ Standard

Asset Name	Description	Role
wInsight Analytics Administrator (WAA) Series: Advanced Features - Virtual Live Class	In this 2-hour course, you will learn to manually create project structures and performance data, create threshold indicators, weighting factors, performance indicators, structures, elements of cost and units of measure, and navigating the EPM Security Administrator to provide user accessibility. This course is part of the Advanced Series (WAA). [Keywords and Related Searches - instructor led class, training, admin waa tables for manual entry, contract setup, shared setup, winsight security]	System Administrator,Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager
wInsight Analytics Product Overview Series: WAA Features and Navigation - Clickguide	This covers the wInsight Analytics capabilities, database interaction, and winsight Security using the EPM Security Administrator. This is part of the Product Overview Series. [Keywords and Related Searches - guide, reference, analytics administrator, winsight security, epmsa, security roles, earned value engine]	System Administrator, Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager

Deltek wInsight Analytics - DLZ Standard

Asset Name	Description	Role
<p>wInsight Analytics Product Overview Series: WAM Features and Navigation - Clickguide</p>	<p>This covers the importance of wInsight Analytics Module (WAM), data transfer process, setup of the Master Dashboard, and accessing and scheduling data interfaces. This is part of the Product Overview Series.</p> <p>[Keywords and Related Searches - guide, reference, Data Transfer, Browser bases access, wInsight Admin Database, Master Dashboard, Schedule Data Interfaces, Charts]</p>	<p>System Administrator,Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager</p>
<p>wInsight Analytics Desktop (WAD) Series: Introduction, Overview, and Navigation - Virtual Live Class</p>	<p>In this 2-hour course, you will learn the basic Earned Value Management (EVM) analysis operations, the terminology and prominent metrics, to open a data source dataset, import and export data files, and key menu and toolbar options. This course is part of the Fundamentals Series (WAD).</p> <p>[Keywords and Related Searches - instructor led class, training, earned value management, evm, analysis, operations, wad, open a data source, dataset, import, export, data files, utilities, menu, toolbar, options, ipd environment, open wInsight, open a database, dataset, sort window, bcws, budget, cost, work schedule, work performed, bcwp, acwp, actual cost, bac, completion, eac, estimate, forecast, vac, variance, complete, cv, sv, schedule, cpi, performance, index, spi, tcpi, work packages, planning packages, level of effort, apportioned effort, plan, planned value, baseline, sum, time, phased budgets, effort, actual, value, overspending, negative, positive, over-run, overrun, lre, underrun, under-run, efficiency, 3 period average, 6 period average, cumulative cpi, current period cpi, weighted cost schedule, linear regression, performance factor, cpi x spi, micom eac, po eac, input, eac/funding screen, user eac, wInsight wizard, summary report, historical, best case, floor, ceiling, database, recalculate, backup, username, password, administrator, oracle, access, sql, data source, views, toolbars, status, row set]</p>	<p>System Administrator, Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager</p>

Deltek wInsight Analytics - DLZ Standard

Asset Name	Description	Role
wInsight Analytics Earned Value Management Series: EVM Concept - Self-Paced Learning	<p>In this 1.5-hour course, you will learn the history and concept of Earned Value Management, the decision process and requirements for implementing EVM, the contracting process for project acquisition, and a look at the application of the Integrated Management System. This course includes Checkpoints on the topics covered.</p> <p>[Keywords and Related Searches - elearning, online learning, online course, earned value management history, earned value, ev, earned value management system, evms, contracting process, thresholds, threshold requirements, integrated product management reporting system, ipmr, project management, evm requirements]</p>	System Administrator,Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager
wInsight Analytics Earned Value Management Series: EVM Planning - Self-Paced Learning	<p>In this 1.5-hour course, you will learn the planning involved in Earned Value Management, the structures involved in breaking down an EVM project, project scheduling, establishing time-phased budgets. You will also learn the fundamental cost elements of the Performance Measurement Baseline, the Integrated Baseline Review and its process, the BCWP, and BAC. This course includes checkpoints. This course includes Checkpoints on the topics covered.</p> <p>[Keywords and Related Searches - elearning, online learning, online course, earned value, ev, earned value management system, evms, work breakdown structure, wbs, organizational breakdown structure, obs, resource breakdown structure, rbs, project scheduling, establish time phased budgets, budget hierarchy, performance measurement baseline, pmb, baseline, integrated baseline review, ibr, budgeted costs for work scheduled, bcwp, budget at completion, bac, integrated program management reports, ipmr]</p>	System Administrator, Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager

Deltek wInsight Analytics - DLZ Standard

Asset Name	Description	Role
wInsight Analytics Earned Value Management Series: EVM Execution - Self-Paced Learning	<p>In this 1.5-hour course, you will learn the processes involved in executing a project using Earned Value Management such as the ACWP, BCWP, SV, CV, EAC, VAC, CPI, SPI, TCPIs, and BCWR. You will also learn the different tripwires and forecasts that provide an overview of the status of a project. This course includes Checkpoints on the topics covered.</p> <p>[Keywords and Related Searches - elearning, online learning, online course, earned value, ev, earned value management system, evms, actual cost of work performed, acwp, budgeted cost of work performed, bcwp, schedule variance, sv, cost variance, cv, estimate at completion, eac, variance at completion, vac, cost performance index, cpi, schedule performance index, spi, to-complete performance indices, tcpi, tripwires, budgeted cost for work remaining, bcwr, forecasts]</p>	System Administrator, Project Manager, Cost Analyst, Director/Senior Manager, Control Account Manager
