Activity 1: Delete Timesheet Payroll Computed Flags

Use this screen to clear the Payroll Computed check box on the Manage Timesheets screen for timesheets that have been processed to payroll. When payroll is created, a check box is selected on each timesheet to indicate that it has been processed to payroll.

Access: People > Payroll > Payroll Processing > Compute Payroll

Delete Timesheet Payroll Computed Flags		
Step	Action	Notes
1	<p>After opening the Compute Payroll application, enter and complete the following:</p> <ul style="list-style-type: none"> Pay Cycle: ASEM Starting Timesheet Date: 04/01/2060 Check Date: 04/30/2060 Timesheet Type: Regular Print Warning Messages on Error Report: Checked <p>Select from the Process icon (Gears) drop-down: Print/Compute Payroll</p> <p>Close the application when the process is complete.</p>	<p>User ID: CPADMIN Password: learning</p>
2	<p>Go into the Manage Timesheets application, and complete the following:</p> <ul style="list-style-type: none"> Query timesheets dated, 04/15/2060. Verify that the Payroll Computed flags are checked. <p>Keep the Manage Timesheets application open.</p>	
3	<p>Now, go into the Delete Timesheet Payroll Computed Flags application and complete the following:</p> <ul style="list-style-type: none"> Pay Cycle: ASEM Timesheet Type: Regular Timesheet Date Range: 04/01/2060 - 04/15/2060 Employee: All <p>Select from the Process icon (Gears) drop-down: Clear Flags</p> <p>Close the application when the process is complete.</p>	

Delete Timesheet Payroll Computed Flags

Step	Action	Notes
4	Return to the Manage Timesheets application and complete the following: Re-Query timesheets dated 04/15/2060 . Verify that the Payroll Computed flags are not checked. Close the application when completed.	
5	This activity is now complete.	

Activity 2: View License Information

Use this screen to view Costpoint licensing information.

Total active employee licenses are listed by company and licensed add-on modules are also listed on this screen.

Access: Admin > System Administration > System Administration Reports/Inquiries > View License Information

View License Information		
Step	Action	Notes
1	<p>Go into the View License Information screen and check the following: Are you licensed for the following and, if so, what is the Product Code:</p> <ul style="list-style-type: none"> • Shop Floor Time • Employee Basic Preprocessor • Human Resources • Web Time Collection • Inventory Control • Fixed Assets 	
2	This activity is now complete.	

Activity 3: Purge Report Table Data

Use this screen to purge various outdated report tables that have grown over time because of the accumulation of report table rows that have been created to run different Costpoint reports.

Access: Admin > System Administration > System Administration Utilities > Purge Report Table Data

Purge Report Table Data		
Step	Action	Notes
1	Open the Purge Report Table Data application	
2	Select Prior to this Accounting Period and enter the following: Fiscal Year: 2060 Period: 3 Subperiod: 1	
3	Under the Purge area, select Specific Tables .	
4	Then, for the Report Tables To Purge section, select the following options: <u>PSR Header</u> <u>PSR Final Data</u> <u>Revenue Summary</u> Project T&M Analysis Revenue Worksheet	
5	Select from the Process icon (Gears) drop-down: Purge Report Table Data . When the process is complete, the specific report data has been removed from the database tables. Close the application.	
6	This activity is now complete.	

Activity 4: File Upload Manager/File Download

The **File Upload Manager** is a tool by which you can transfer **files** from another source (i.e., your personal computer, a different server than CP is located on etc.) to the web server for access through Costpoint.

Use the **File Download** screen to view, download, and/or delete data files created by Costpoint users, such as input files and reports that are stored in the Costpoint database.

Purpose: To upload the *CorporatePlannerGLBudget.csv* file and verify its existence in the **File Download** screen.

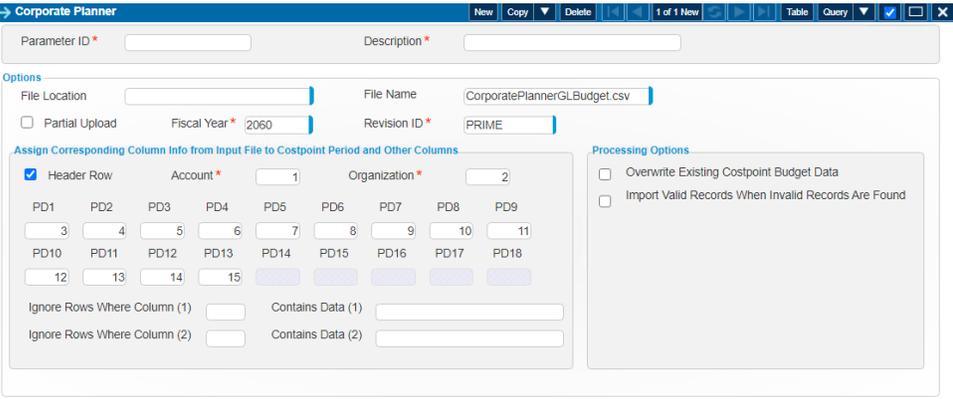

Access: Accounting > General Ledger > General Ledger Interfaces > Corporate Planner

File Upload Manager/File Download		
Step	Action	Notes
1	Go to the General Ledger Interfaces > Corporate Planner screen.	
2	Click on the word Process above the icons.	
3	Click on File Upload .	
4	Click on Choose File . On the left side of the screen, click on Desktop . Double click on Costpoint 8 Courses folder.	
5	Double click on the <i>CorporatePlannerGLBudget.csv</i> file to select it.	
6	Select Upload and verify you receive the message that it was successfully uploaded. Close the message.	
7	Click on the word Process and select File Download . Verify that you see the file, <i>CorporatePlannerGLBudget.csv</i> .	
8	This activity is now complete.	

Activity 5: Corporate Planner Interface/File Download

Purpose: To import the GL budget data contained in the *CorporatePlannerGLBudget.csv* file and delete information from the **File Download** screen.

Access: Accounting > General Ledger > General Ledger Interfaces > Corporate Planner

Corporate Planner Interface/File Download		
Step	Action	Notes
1	<p>Go into the Costpoint 8 Courses folder on your desktop and open the file, <i>CorporatePlannerGLBudget.csv</i>.</p> <ol style="list-style-type: none"> Take note of the account/organization/amounts contained in the file so you can verify that it uploaded as expected later. Close the file. 	
2	<p>Go back into Costpoint and into the General Ledger > Corporate Planner screen and enter information to look like the sample below and don't forget to enter the File Name information:</p> 	
3	<p>Preview your report to verify it is finding the expected data to import and that there are no errors.</p>	
4	<p>Once verified, select from the Process icon (Gears) drop-down: Print/Import Budget Amounts to Cospoint. Review the PDF generated, which should be the same as the previewed report. Close the PDF when your review is complete. Close the application.</p>	
5	<p>Go into the General Ledger > General Ledger Budgets > Manage Organization/Accounts Budgets screen and verify that for Fiscal Year 2060, your imported data exists.</p>	

Corporate Planner Interface/File Download

Step	Action	Notes
6	Go into the File Download screen (Process > File Download) and delete the file, <i>CorporatePlannerGLBudget.csv</i> , by marking it for deletion and then saving. Close the application.	
7	This activity is now complete.	

Activity 6: Compare Project Ledger to General Ledger

This toolkit alerts you to the projects and the periods that may be missing transaction amounts. It disregards project accounts such as accounts receivable and unbilled that normally appear in GL_POST_SUM but not in PROJ_SUM. It does not consider the prior year project ledger (PSR_PY_SUM); therefore, you can execute it only for fiscal years in which you have PROJ_SUM data.

Access: Projects > Cost and Revenue Processing > Cost and Revenue Processing Utilities > Compare Project Ledger to General Ledger

Compare Project Ledger to General Ledger		
Step	Action	Notes
1	<p>Open the Compare Project Ledger to General Ledger application.</p> <p>Complete the following:</p> <p style="padding-left: 20px;">Fiscal Year: 2060</p> <p style="padding-left: 20px;">Ending Period: 4</p> <p>Execute the process by selecting the Lightning Bolt icon.</p> <p style="padding-left: 20px;">a. Two rows are returned for period 4. Projects A0014 and AG800 are returned.</p>	
2	<p>Now, run the Compute Burden Costs for the same fiscal year and period (2060, 4).</p> <p>After you have run this process, close the application.</p>	
3	<p>Return to the Compare Project Ledger to General Ledger application and run the process again for fiscal year 2060 and period 4. The result should be that no variances are detected.</p>	
4	<p>This activity is now complete.</p>	

Activity 7: Copy Pools

Access: Projects > Cost and Revenue Processing > Cost and Revenue Processing Utilities > Copy Pools

Copy Pools		
Step	Action	Notes
1	<p>Go to Manage Cost Pools application. Verify that FY 2064 pool data does not exist. Review the FY 2060 pools, as they will be used to copy pool information.</p> <p>Go into the Manage Base Creation Setups application. Verify that FY 2064 data does not exist. Close the application.</p> <p>Go into the Manage Cost Creation Setups application. Verify that FY 2064 data does not exist. Close the application.</p>	
2	<p>Open the Copy Pools utility and enter the following information: Allocation Group (Source, Destination): 1, 1 Fiscal Year (Source, Destination): 2060, 2064 Pools: All <u>Data to be Copied:</u> Pool Base Data: Checked Pool Cost Data: Checked Pool Rates Data: Checked Service Center Data: Checked</p>	
3	<p>Select from the Process icon (Gears) drop-down: Copy Pools. Close the application, when the process is complete.</p>	

Copy Pools		
Step	Action	Notes
4	<p>Return to the Manage Cost Pools screen. Query for FY 2064. For Cost Pool numbers 10-50, complete the following:</p> <ol style="list-style-type: none"> 1. For each 2064 pool, verify that <u>Pool Base</u>, <u>Pool Cost</u>, and <u>Pool Rates</u> data exist in the expected subtasks. 2. In the <u>Pool Rates</u> subtask, zero out the Pd Actual and YTD Actual columns and save. 3. Close the application. <p>Go into the Manage Base Creation Setups application and query for FY 2064 data. Close the application.</p> <p>Go into the Manage Cost Creation Setups application and query for FY 2064 data. Close the application.</p>	
5	This activity is now complete.
